Millions of people are willing to adopt your child.

"Abortion is advocated only by persons who have themselves been born." - President Ronald Reagan

After 6 weeks, the child inside of you has eyes, hands, a mouth, active brain waves, AND a heart that beats.

"An abortion kills the life of a baby after it has begun. It is dangerous to your life and health. It may make you sterile so that when you want a child you cannot have it." - *Planned Parenthood*

When is it okay to kill a child in the womb? No money? Too young? Inconvenient? Too many? Unmarried? The answer is it's never okay, but abortionists won't tell you that because they make money off of killing YOUR baby. If you allow the abortion, the blood of your child is on your hands too! God says, "Murderers... will be in the lake that burns with fire..." (Revelation 21:8). The good news is that Jesus died on the cross to pay for your sins and rose again to defeat death and Hell. If you'll turn away from sin (and the abortion clinic) and place your trust in Jesus Christ for salvation, God will forgive you and grant you eternal life!
